

Drug Testing

2004

January	N/A
February	N/A
March	\$338.00
April 1-30	\$321.00
May 1-31	\$480.00

Total - \$1139.00

2004-2005

August 1-31	\$2855.00
September 1-30	\$260.00
October 1-31	\$935.00
November 1-31	\$30.00
December	-----
January	\$354.00
February	\$605.00
March	\$365.00
April 1-30	-----
May 1-31	-----

Total – \$5360.00

- On site fee is \$50.00 each testing date.
- Cost averages \$15.00 - \$16.00 per normal drug test.
- Additional testing on a sample can increase the cost to approx. \$30.00.

Suggestion to cut down the amount of time between meeting with Rocky, Dr. Porter, coach and student-athlete would be to provide class schedule to Dr. Porter before meeting. He then can set-up counseling time with Student Health Center and notify student-athlete of this session while at the first meeting.

THE UNIVERSITY OF ARIZONA INTERCOLLEGIATE ATHLETICS
Leading the way in education, athletics and community service

October 12, 2004

Dear I

This letter is to inform you that the Department of Athletics has been notified of the charge brought against you for possession and or use of marijuana on October 4, 2004 (University of Arizona Police Case #

The Department of Intercollegiate Athletics' Substance Abuse Policy comes into effect whenever a student-athlete is found to be in "illegal possession." According to the terms of the policy, this will be considered your first positive test.

As indicated in the policy with a first positive test, your parents will receive a copy of this letter and you will be required to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Because of the charge brought against you, you will automatically be included in future ICA drug tests for a period of one year through October 4, 2005. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

Administration

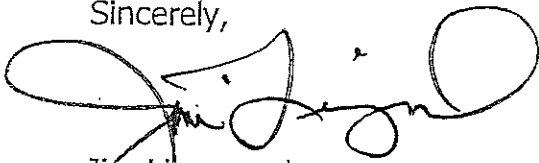

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for

(i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force). I have attached a copy of the Substance Abuse Policy for your review.

... please know that we wish only the best for you and have great hopes for your future.

Sincerely,

Jim Livengood
Director of Athletics

cc: Dr. Donald Porter

THE UNIVERSITY OF ARIZONA INTERCOLLEGIATE ATHLETICS
Leading the way in education, athletics and community service

March 1, 2005

Dear

This letter is to inform you of the results of the drug screen of your urine drawn on February 8, 2005. This screen was part of the yearly tests performed after your first positive result on October 4, 2004.

The test results from the February 8th test detected marijuana metabolites in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of February 8th, were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (marijuana metabolite greater than or equal to 50).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of marijuana metabolite (marijuana metabolite, greater than or equal to 15).

I am sorry to inform you that because of your second positive result on February 8th and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, we are notifying you of our intention to suspend you immediately for (i.e., a minimum of 10% of your sport season's contests). Therefore you will be suspended from

As also indicated in the policy, your parent/legal guardian will be informed of your second positive test and you are required to continue to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with

Administration

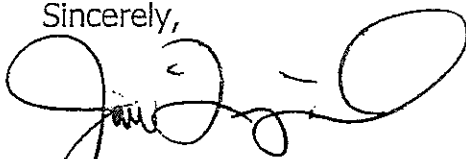

the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Also, pursuant to the terms of the current policy, you will automatically be included in future ICA drug tests for a period of one year through February 8th, 2005. While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.) A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., March 4, 2005). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

, please know that we wish only the best for you and have great hopes for your future.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Livengood", with a large, stylized flourish extending to the right.

Dear [REDACTED]

I regret to inform you that in a drug test conducted on August 21, 2004, [REDACTED] was found to have marijuana in his urine. The use of marijuana is prohibited by the University of Arizona Substance Abuse Policy.

Today, we are meeting with [REDACTED], Kathleen LaRose, Senior Associate Director of Athletics and Dr. Donald Porter, our team physician, to explain the testing procedure and resultant penalty for positive results. A letter to [REDACTED] detailing this explanation is enclosed for your information.

It is our hope that [REDACTED] recognizes the seriousness of this matter and discontinues his use of marijuana and, if applicable, any other substance banned by our Substance Abuse Policy. Your encouragement to him in this regard would be most helpful. Please call me if you have any questions regarding the testing procedure and our subsequent action.

Sincerely,

Jim Livengood
Director of Athletics

This letter is to inform you of the results of the drug screen of your urine drawn on August 2, 2006.

The results from the August 2nd test detected marijuana in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of August 2nd were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (marijuana metabolite greater than or equal to 50).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of marijuana metabolite (marijuana metabolite, greater than or equal to 15).

As indicated in the policy, your parent/legal guardian will be informed of your first positive test and you are required to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Administration

McKale Memorial Center 1 National Championship Drive PO Box 210096, #233 Tucson, AZ 85721-0096 (520) 621-2473 Fax (520) 621-9690

ARIZONAATHLETICS.COM

Because of your August 2nd positive result and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, you will automatically be included in future ICA drug tests for a period of one year through August 2, 2007. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

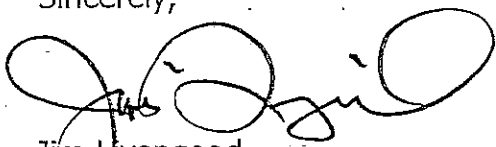

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for [REDACTED] (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force). I have attached a copy of the Substance Abuse Policy for your review.

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., August 31, 2006). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

[REDACTED] please know that we wish only the best for you and have great hopes for your future.

Sincerely,

Jim Livengood
Director of Athletics

Dear Mr. [REDACTED]

I regret to inform you that in a drug test conducted on August 2, 2006, your son, [REDACTED], was found to have marijuana in his urine. The use of marijuana is prohibited by the University of Arizona Substance Abuse Policy.

Today, we are meeting with [REDACTED], Head Coach [REDACTED], Kathleen LaRose, Senior Associate Director of Athletics and Dr. Donald Porter, our team physician, to explain the testing procedure and resultant penalty for positive results. A letter to [REDACTED] detailing this explanation is enclosed for your information.

It is our hope that [REDACTED] recognizes the seriousness of this matter and discontinues his use of marijuana and, if applicable, any other substance banned by our Substance Abuse Policy. Your encouragement to him in this regard would be most helpful. Please call me if you have any questions regarding the testing procedure and our subsequent action.

Sincerely,

Jim Livengood
Director of Athletics

[REDACTED]

Dear [REDACTED]:

This letter is to inform you of the results of the drug screen of your urine drawn on August 21, 2004.

The results from the August 21st test detected marijuana in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of August 21st were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (marijuana metabolite greater than or equal to 50).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of marijuana metabolite (marijuana metabolite, greater than or equal to 15).

As indicated in the policy, your parent/legal guardian will be informed of your first positive test and you are required to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Administration

Because of your August 21, 2004, positive result and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, you will automatically be included in future ICA drug tests for a period of one year through August 21, 2005. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

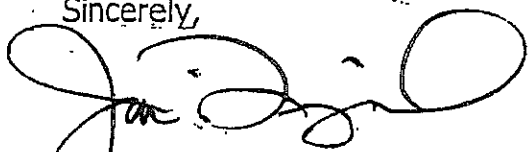

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for the next [REDACTED] (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

MARIJUANA METABOLITE LEVEL BY GC/MS: 45 ng/mL

This specimen was screened by immunoassay. Any positive result is confirmed by gas chromatography mass spectrometry (GC/MS). A positive result indicates the presence of the drug or metabolite at or above the following threshold levels (ng/mL) for the screening test and GC/MS test, respectively: Amphetamines 1000,500; Barbiturates 200,200; Benzodiazepines 200,200; Cocaine metabolite 300,150; Marijuana metabolite 50,15; Opiates 2000,2000; Phencyclidine 25,25; Propoxyphene 300,300; Methadone 300,300; LSD 0.5,0.5. Meperidine 300,300. Ethanol is screened by enzyme assay and confirmed by GC/MS using 0.04% as the threshold level.

This specimen was tested for unusual color, concentration, odor, pH, and temperature as well as for the presence of adulterants.

*** AVERAGE DETECTION TIMES ***

Amphetamines - 1 to 3 days; Barbiturates - 1 to 10 days; Benzodiazepines - 3 days to 6 weeks; Cocaine - 2 to 4 days; Marijuana - 2 to 5 days (moderate)/3 weeks (chronic); Opiates - 2 to 4 days; Phencyclidine - 2 to 8 weeks; Propoxyphene - 1 to 2 days; Methadone - 2 to 10 days; LSD - 1 day; Meperidine - 1 to 2 days.

[REDACTED]

Dear Mr. [REDACTED]:

I regret to inform you that in a drug test conducted on February 8, 2006, your son, [REDACTED] was found to have marijuana in his urine. The use of marijuana is prohibited by the University of Arizona Substance Abuse Policy.

Today, we are meeting with [REDACTED], Kathleen LaRose, Senior Associate Director of Athletics and Dr. Donald Porter, our team physician, to explain the testing procedure and resultant penalty for positive results. A letter to [REDACTED] detailing this explanation is enclosed for your information.

It is our hope that [REDACTED] recognizes the seriousness of this matter and discontinues his use of marijuana and, if applicable, any other substance banned by our Substance Abuse Policy. Your encouragement to him in this regard would be most helpful. Please call me if you have any questions regarding the testing procedure and our subsequent action.

Sincerely,

Jim Livengood
Director of Athletics

September 6, 2005

[REDACTED]

Dear [REDACTED],

This letter is to inform you of the results of the drug screen of your urine drawn on August 20, 2005.

The results from the August 20th test detected marijuana in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of August 20th were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) – the result was positive for a banned substance (marijuana metabolite greater than or equal to 50).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GM/MS) – the result was the confirmation of the presence of marijuana metabolite (marijuana metabolite, greater than or equal to 15).

As indicated in the policy, your parent/legal guardian will be informed of your first positive test and you are required to attend counseling sessions with the department's Team Physician, Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you to arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder, your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Because of your August 20th positive result and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, you will automatically be included in future ICA drug tests for a period of one year through August 20, 2006. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

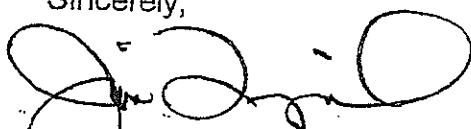

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for the next [REDACTED] (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season, then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.)

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., Friday, September 9, 2005). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

please know that we wish only the best for you and have great hopes for your future.

Sincerely,

Jim Livengood

June 13, 2006

[REDACTED]

Dear [REDACTED]:

This letter is to inform you of the results of the drug screen of your urine drawn on May 25, 2006.

The results from the May 25th test detected cocaine in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of May 25th were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (cocaine/metabolite greater than or equal to 150).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of cocaine metabolite (cocaine metabolite level: 1,280 ng/mL).

As indicated in the policy, your parent/legal guardian will be informed of your first positive test and you are required to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Director of Athletics

Because of your May 25th positive result and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, you will automatically be included in future ICA drug tests for a period of one year through May 25, 2007. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for [REDACTED] (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force). I have attached a copy of the Substance Abuse Policy for your review.

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., Monday, June 12, 2006). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

[REDACTED] please know that we wish only the best for you and have great hopes for your future.

November 1, 2004

Dear _____:

This letter is to inform you of the results of the drug screen of your urine drawn on October 12, 2004. This screen was part of the yearly tests performed after your first positive result on May 4, 2004.

The test results from the October 12th test detected amphetamines in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of October 12th were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (amphetamines greater than or equal to 1,000).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of amphetamines (amphetamines greater than or equal to 500).

I am sorry to inform you that because of your second positive result on October 12th and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, we are notifying you of our intention to suspend you immediately for the next (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

Administrative

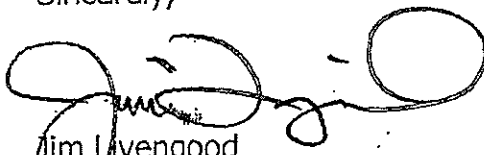

As indicated in the policy with a second positive test, your parents will receive a copy of this letter and you are required to continue to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Also, pursuant to the terms of the current policy, you will automatically be included in future ICA drug tests for a period of one year through October 12, 2005. While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.) A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., Thursday, November 4, 2004). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

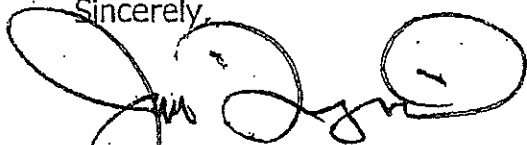

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for [REDACTED] (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.)

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., Monday, November 8, 2004). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

[REDACTED], please know that we wish only the best for you and have great hopes for your future.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Livengood", with a stylized flourish extending to the right.

[REDACTED]

Dear [REDACTED]:

I regret to inform you that in a drug test conducted on October 12, 2004, your son [REDACTED] was found to have amphetamines in his urine. The use of amphetamines is prohibited by the University of Arizona Substance Abuse Policy.

Today we are meeting with [REDACTED], Head Coach [REDACTED], Kathleen LaRose, Senior Associate Director of Athletics and Dr. Donald Porter, our team physician, to explain the testing procedure and resultant penalty for positive results. A letter to [REDACTED] detailing this explanation is enclosed for your information.

It is our hope that [REDACTED] recognizes the seriousness of this matter and discontinues his use of amphetamines and, if applicable, any other substance banned by our Substance Abuse Policy. Your encouragement to him in this regard would be most helpful. Please call me if you have any questions regarding the testing procedure and our subsequent action.

Sincerely,

Jim Livengood
Director of Athletics

THE UNIVERSITY OF ARIZONA INTERCOLLEGIATE ATHLETICS
Leading the way in education, athletics and community service

November 1, 2004

Dear _____:

This letter is to inform you of the results of the drug screen of your urine drawn on October 12, 2004. This screen was part of the yearly tests performed after your first positive result on May 4, 2004.

The test results from the October 12th test detected amphetamines in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine of October 12th were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (amphetamines greater than or equal to 1,000).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of amphetamines (amphetamines greater than or equal to 500).

I am sorry to inform you that because of your second positive result on October 12th and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, we are notifying you of our intention to suspend you immediately for the (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

Administration

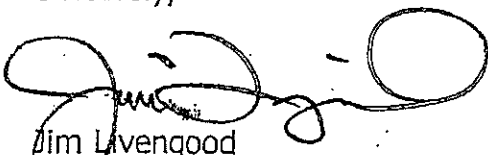

As indicated in the policy with a second positive test, your parents will receive a copy of this letter and you are required to continue to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Also, pursuant to the terms of the current policy, you will automatically be included in future ICA drug tests for a period of one year through October 12, 2005. While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.) A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., Thursday, November 4, 2004). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

please know that we wish only the best for you and have great hopes for your future.

Sincerely,

Jim Livengood

THE UNIVERSITY OF ARIZONA INTERCOLLEGIATE ATHLETICS
Leading the way in education, athletics and community service

September 7, 2004

Dear _____:

This letter is to inform you of the results of the drug screen of your urine drawn on August 8, 2004.

The results from the August 8th test detected marijuana in your urine. As you are aware, these substances are banned from use by student-athletes at the University of Arizona.

The assay techniques used to determine the presence of illegal substances in your urine August 8th were as follows:

The first test was by Enzyme Multiplied Immunoassay Technique (EMIT) - the result was positive for a banned substance (marijuana metabolite greater than or equal to 50).

The second test was by Gas Liquid Chromatography/Mass Spectrometry (GC/MS) - the result was the confirmation of the presence of marijuana metabolite (marijuana metabolite, greater than or equal to 15).

As indicated in the policy, your parent/legal guardian will be informed of your first positive test and you are required to attend counseling sessions with the department's Team Physician Dr. Donald Porter (520-621-2724) and with a Student Health Center Substance Abuse Counselor. Dr. Porter will help you arrange the session(s) with the counselor regarding the use of banned substances. You are required to see Dr. Porter and set up counseling session(s) within one week of today's date. As a reminder your discussions with Dr. Porter and the counselor are confidential. However, both Dr. Porter and the counselor will notify us as to whether or not you have fulfilled your requirement to meet with them.

Administration

Because of your August 8th positive result and pursuant to the terms of The University of Arizona Intercollegiate Athletics Substance Abuse Policy, you will automatically be included in future ICA drug tests for a period of one year through August 8, 2005. A refusal or failure to appear or submit a sample for testing shall be treated as a "positive" test result. Following the one-year of required testing, and providing all the tests were negative, you will continue to be tested only if your name comes up in the random periodic selection process.

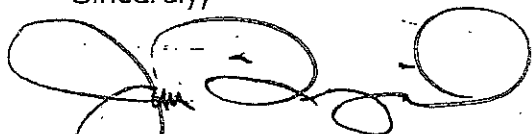

While your current team membership remains at the discretion of your coaches, if any follow-up test, including those required by the NCAA, shows positive for any banned substance, per the policy, you will immediately be suspended for (i.e., a minimum of 10% of your sport season's contests). If the number of suspended contests is more than the remaining number of contests for the current season then the suspension will carry on to the following season until the total number of suspended contests has been fulfilled.

If you test positive a third time, you will be dismissed immediately from the team (regardless of coach's desire) and ICA will recommend that all athletic financial aid (if applicable) be discontinued at the end of the semester or the year in which the positive test occurs. (Please note that all other athletic financial aid rules and regulations regarding renewal and non-renewal remain in force.)

You do have the right to request a hearing on the positive drug test and intended sanctions before they are imposed. To do so you must address a request for hearing in writing to me within three calendar days (by 5:00 p.m., September 10, 2004). If you do not request a hearing, the proposed sanctions will be imposed immediately, without recourse to an institutional grievance or appeals process.

, please know that we wish only the best for you and have great hopes for your future.

Sincerely,

When Reported (Date & Time) 10/4/04 2248HRS	When Occurred (from date and time to date and time) 10/4/04 2248HRS	Disposition CAA	Clearance C	Division: F.O.D.	

SYNOPSIS:

ON 10/4/04, AT APPROXIMATELY 2311 HOURS, FOUR UA STUDENTS, AARON DIMSDALE, PETER BERRY, YANIV BARNETT, AND LAWRENCE BALL, WERE CITED AND RELEASED AT 1425 E. 6TH STREET FOR ARS 13-3405.A.1, POSS/USE OF MARIJUANA.

NARRATIVE:

ON 10/4/04, AT APPROXIMATELY 2248 HOURS, I WAS DISPATCHED TO 1425 E. 6TH STREET REFERENCE SUSPECTED DRUG USE. UPON ARRIVAL OFFICER PERRY, CPL BREI, AND I CHECKED THE AREA FOR SUBJECTS USING DRUGS.

OFCR PERRY CONTACTED A SUBJECT, IDENTIFIED AS AARON DIMSDALE, AS HE WALKED AWAY FROM A TABLE LOCATED ON THE WEST SIDE OF ARIZONA STADIUM AT THE BASKETBALL COURTS. DIMSDALE STATED THE PEOPLE AT THE TABLE HE LEFT HAD BEEN SMOKING MARIJUANA. OFCR PERRY HAD SEEN DIMSDALE WITH SOMETHING IN HIS HAND. DIMSDALE REMOVED A LIT CIGAR THAT APPEARED TO CONTAIN MARIJUANA FROM HIS LEFT FRONT PANTS POCKET.

THE SUBJECTS SITTING AT THE TABLE INDICATED BY DIMSDALE WERE IDENTIFIED AS PETER BERRY, YANIV BARNETT, AND LAWRENCE BALL. ALL SUBJECTS, BUT YANIV BARNETT, WERE IDENTIFIED BY PICTURE ID. YANIV BARNETT PROVIDED OFCR PERRY WITH A FALSE NAME WHICH RETURNED FROM DISPATCH AS NO RECORD FOUND. OFCR ORTIZ ARRIVED ONSCENE AND IDENTIFIED BARNETT FROM HIS PREVIOUS CONTACT WITH THE SUBJECT. ALL FOUR SUBJECTS STATED THEY WERE STUDENTS OF UNIVERSITY OF ARIZONA. WHEN APPROACHING THE TABLE, A PLASTIC BAGGIE CONTAINING WHAT APPEARED TO BE MARIJUANA WAS FOUND ON THE GROUND UNDER THE BENCH WHERE BALL WAS SITTING. ALL SUBJECTS WERE READ THEIR RIGHTS AND THEN QUESTIONED. ALL SUBJECTS ADMITTED TO SMOKING THE CIGAR LOADED WITH MARIJUANA. BALL STATED THE BAGGIE WITH WHAT APPEARED TO BE MARIJUANA BELONGED TO BARNETT. BERRY, AND BARNETT STATED THE PLASTIC BAGGIE CONTAINING WHAT APPEARED TO BE MARIJUANA BELONGED TO BALL. DIMSDALE STATED HE DID NOT KNOW WHO THE BAGGIE BELONGED TO.

ALL SUBJECTS WERE CITED AND RELEASED FOR ARS 13-3405.A.1, POSSESSION/USE OF MARIJUANA.

THE PLASTIC BAGGIE CONTAINING WHAT APPEARED TO BE MARIJUANA AND THE CIGAR THAT APPEARED TO CONTAIN MARIJUANA WERE PLACED INTO EVIDENCE UNDER THIS CASE NUMBER.
