**Attachments:** 8-2007 Summary of 3 yr drug testing - FOIA.xls; Drug Testing expenses 04-07.xls; Student Athlete Handbook ^Section 9.pdf

Dear Mr. Carlisle:

This is the response of Central Michigan University to your request for records. You asked for:

1. "Documentation or an accounting of all positive tests...." The answer to this is contained in the spreadsheet above – the Excel file, the first attachment.
2. "A calendar or other documentation including the frequency of drug tests administered..." The answer is included on the spreadsheet responsive to #1.
3. "Records related to punishments levied..." We have "hard" copies of letters sent to the particular student athletes. These will be sent by mail. Per Section 13(2) of the Michigan FOIA, we have redacted information that would identify the student athletes, including name, address and the particular team sport they participated in.
4. "The budget for or amount of money...." The second file attached above contains this information.
5. "Audits or reports discussing the drug testing of athletes..." The third attachment above is responsive to this request. It is an excerpt from the CMU Student Athlete Handbook, Section 9.
6. "Contracts or agreements with vendors who have a role in drug testing athletes." There is no written contract or agreement with Drug Free Sport, the contractor that does the testing for CMU, because the University pays on a per-test basis.
7. "All information provided by vendors...." Since the University pays on a per-test basis, CMU did not go out to bid for potential vendors, so there are no records to provide.

There is no charge for these records.

Yours, Robert C. Martin
