---

Dear Mr. McKanders:

Thank you for your letter of Aug. 22, which addressed my July 30 request under the Michigan Freedom of Information Act.

Before I decide whether to exercise my formal appeal rights, let me please address the issue of the \$694.05 you require before supplying responsive documents.

I ask Eastern Michigan University to please eliminate the fees or substantially reduce the amount. I have attached documents supplied by Michigan State University and the University of Michigan after they received similar requests.

Michigan State charged my colleague \$75. The University of Michigan did not charge fees. Likewise, I have hard copies of similar requested documents from Western Michigan University and it did not charge fees.

All three universities supplied documents satisfying the requests they received. If Eastern Michigan were to supply similar documents at no or reduced cost, I would consider the request to it to be satisfied.

Thank you for your time in this matter.

Sincerely,

Nate Carlisle
