Re: Open Records Request

Dear Mr. Carlisle,

We have received payment for your open records request dated January 30, 2007, in which you request information related to “the drug testing of University of Kansas [student-]athletes conducted since January 1, 2004,…”

You had requested the following information:

- a. “an accounting of all positive tests” We have enclosed a two page information sheet listing all testing from 2004 to the present.
- b. “a calendar or other documentation indicating the frequency of drug tests administered to athletes.” Although we did not have this information when you made your request for information, this two page information sheet was compiled when gathering together the information in (a) above and is enclosed.
- c. “records related to punishments levied for positive tests.” You had indicated that you no longer needed this information
- d. “the budget or amount of money dedicated to drug testing for fiscal or calendar years, 2004, 2005, 2006, and 2007.” This information is enclosed on one page.
- e. “audits or reports discussing the drug testing of athletes,…” We did not have any information regarding this request.
- f. “contracts or agreements with vendors who have a role in drug testing athletes.” These documents are enclosed.
- g. “all information provided by vendors the last time your institution put the drug testing of athletes up for bid or requested proposals.” We do not bid for vendors.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Judith E. Pottorff
