Nate,
Thanks for your interest in our drug testing program. Since you had previously made an open records request, I've sent your request to my supervisor for assistance.
I'll let you know if/how I can help you as soon as I receive the OK.
Keith

Subject: UK drug testing

Mr. Webster:

A helpful lady in your office suggested I send you an e-mail with some drug testing questions.

Does UK randomly test for including steroids or anabolic agents? If so, about how often or how many such tests does or has UK administer?

Does UK automatically suspend an athlete who tests positive for a banned substance? I have read your policy but the answer is not clear to me.

Why did the expenditures for drug testing decrease since 2004?

Thanks in advance for your assistance.

Sincerely,

Nate Carlisle
