Dear Mr. Oakes:

Thank you for your fax of July 9, 2007, and the drug testing information you supplied. I have some questions.

Can you please break down the positive tests by the sport played or by the substance for which the athlete tested positive?

Do you have any data or documents on the following?:

- Budgets for or amount of money spent on drug testing since 2004
- Audits of your drug testing program
- Vendor contracts or supplied bids related to your drug testing

Thanks again.

Sincerely,

Nate Carlisle
