Dear Mr. Nye and the Naval Academy:

Thank you for your letter of Aug. 17 in which you said my earlier FOIA request did not sufficiently describe the documents I seek.

To answer one question in your letter: I seek only documents concerning the drug testing of athletes competing in NCAA-sanctioned events, however you may provide more data if you wish.

It is difficult for me to further describe the type of documents I seek given I do not know the academy's procedures and terminology. However, I have sent identical requests to many other public and private universities who supplied me documents without further clarifications. I have attached one such response from Akron University. It might give you an example of what I seek.

Thank you for your assistance.

Sincerely,

Nate Carlisle
