Dear Ms. Sikes:

Thank you for the e-mail you sent earlier today and the documents which were attached. With respect to the documentation of positive tests, can you supply some kind of data or documents which show how many positive tests there have been since 2004 yet does not reveal the offender's identity?

Other universities have supplied us documentation from the firm Drug Free Sports with the names of students redacted.

Thank you for your assistance. I look forward to hearing from you.

Sincerely,  
Nate Carlisle
