Re: California Public Records Act Request

Dear Mr. Carlisle:

In response to your request for a copy of San Diego State University's student-athlete drug testing information, we have compiled 14 pages of documents. The cost for photocopying at twenty cents per page is \$2.80 plus postage of \$1.14. Upon receipt of a check made out to San Diego State University in the amount of \$3.94, the documents will be mailed to you.

Please do not hesitate to call me at (619) 594-6018 if you have any questions.

Sincerely,

Jennifer Gilmore

Re: California Public Records Act Request

Dear Mr. Carlisle:

Your letter to President Stephen Weber at San Diego State University was forwarded to our office, as Richel Thaler is the person designated by San Diego State University as the officer responsible for all public record act requests.

We are currently researching your request for records related to the drug testing of San Diego State University athletes conducted since January 1, 2004. I will respond to you with the cost for photocopying and postage, once the records have been reviewed. Due to the extensive nature of these records, I am requesting an additional 14 days to gather this information. I plan to contact you on or before July 20, 2007 with the amount for copying and postage expenses.

Please do not hesitate to call me at (619) 594-6018 if you have any questions.

Sincerely,

Jennifer Gilmore

1. Documentation or an accounting of all positive tests. This might include internal forms recording positive tests or an electronic spreadsheet or database.

No tracking information exists other than the number of tests conducted, and the number of positive test results. The below information is for the calendar year:

| | | |
|---------------|--------------------------------------|---------------------|
| 2004: | 91 samples sent for testing | 9 positives |
| 2005: | 250 samples sent for testing | 11 positives |
| 2006: | 323 samples sent for testing | 14 positives |
| 2007 to date: | 116 samples sent for testing to date | 3 positives to date |

2. A calendar or other documentation indicating the frequency of drug tests administered to athletes.

See Attachment I.

3. Records related to punishments levied for positive tests.

No such records exist. Attachment II is the current San Diego State Athletics Substance Abuse Policy.

4. The budget for or amount of money dedicated to drug testing for fiscal or calendar years 2004, 2005, 2006, and 2007.

Money is not budgeted for drug testing in advance of each year. The drug tests are charged to the Athletic Training Budget, and there is not a line item within the budget specifically for drug testing.

5. Audits or reports discussing the drug testing of athletes, excluding standardized information provided by other government agencies or the NCAA.

No such records exist.

6. Contracts or agreements with vendors who have a role in drug testing athletes.

Purchase orders are enclosed. They are agreements to provide drug testing on a Fiscal Year basis up to a certain dollar amount.

7. All information provided by vendors the last time your institution put the drug testing of athletes up for bid or requested proposals.

No bids exist.
