Nate,

Your request for information on drug testing at SUU finally reached my desk.

- 1) Positive/Negative information is not public.
- 2) We do not have a calendar of scheduled tests. The NCAA administers at least one random test per year. SUU does not have a policy or practice of random or scheduled tests.
- 3) Punishment information is not public.
- 4) The budget for testing in all years is \$0.00.
- 5) There are no audits or reports on drug tests.
- 6) There are no contracts or agreements with drug testing vendors.
- 7) This service has never been bid.

In the last four years there has been one failed test - a no show for a student athlete that did not return to school the second semester but was selected for testing by NCAA.
