Dear NAME:

This letter is to inform you of the results of a recent Required Drug Screening Test administered to your son, NAME. NAME has tested positive according to our substance abuse education and testing policy on the following date: DATE—SUBSTANCE.

According to our substance abuse education and testing policy at the University of Tennessee Athletic Department, a student-athlete who tests positive for a banned substance (SUBSTANCE) for the first time will be assigned to a counseling program approved by the Head Team Physician. Further participation in practice and/or competition will be determined by the Athletic Director and Head Coach after consultation with the Substance Abuse Subcommittee for Men's Athletics. The student-athlete will also be subject to more frequent random drug tests within the context of the individual's substance abuse counseling program.

NAME has been thoroughly informed of this situation and understands the consequences of any further substance abuse. If you have any questions, or would like to discuss this matter, please call me at 865-974-1224 (office) or Chris Klenck, MD, Head Team Physician at 865-974-1147.

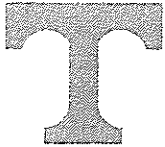

We certainly will attempt to help NAME in any and every way to succeed as a student-athlete at the University of Tennessee. We truly appreciate your support in this situation.

Sincerely,

Mike Hamilton
Athletic Director

Dear NAME:

This letter is to inform you of the results of a recent Required Drug Screening Test administered to your son, NAME. NAME has tested positive according to our substance abuse education and testing policy on the following date: DATE—SUBSTANCE.

This positive test result is NAME's second positive test result for a banned substance (SUBSTANCE). According to our substance abuse education and testing policy at the University of Tennessee Athletic Department, a student-athlete who tests positive for a banned substance for the second time will be assigned to an intensive outpatient counseling program approved by the Head Team Physician. In addition, NAME will be suspended from participation in practice and/or competition for a period of time determined by the Athletic Director and Head Coach after consultation with the Substance Abuse Subcommittee for Men's Athletics. The student-athlete will also be subject to more frequent random drug tests within the context of the individual's substance abuse counseling program.

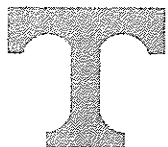

NAME has been thoroughly informed of this situation and understands the consequences of any further substance abuse. If you have any questions, or would like to discuss this matter, please call me at 865-974-1224 (office) or Chris Klenck, MD, Head Team Physician at 865-974-1147.

We certainly will attempt to help NAME in any and every possible way to succeed as a student-athlete at the University of Tennessee. We truly appreciate your support in this situation.

Sincerely,

Mike Hamilton

Dear NAME:

This letter is to inform you of the results of a Required Drug Screening Test administered to your son, NAME. NAME has tested positive according to our substance abuse education and testing policy on the following date: DATE—SUBSTANCE.

This positive test result is NAME's third positive test result for a banned substance (SUBSTANCE). According to our substance abuse education and testing policy at the University of Tennessee Athletic Department, a student-athlete who tests positive for a banned substance (SUBSTANCE) for the third time will be entered into an intensive outpatient counseling program or an inpatient program. Furthermore, he must satisfactorily complete the program before being eligible to play and then have his eligibility reinstated.

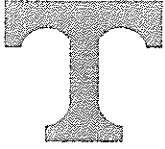

NAME has been thoroughly informed of this situation and understands the consequences. If you have any questions, or would like to discuss this matter, please call me at 865-974-1224 (office) or Chris Klenck, M.D., Head Team Physician, at 865-974-1147.

Dear NAME:

This letter is to inform you of the results of a Required Drug Screening Test administered to your son, NAME. NAME has tested positive according to our substance abuse education and testing policy on the following date: DATE—SUBSTANCE.

This positive test result is NAME's fourth positive test result for a banned substance (SUBSTANCE). According to our substance abuse education and testing policy at the University of Tennessee Athletic Department, a student-athlete who tests positive for a banned substance (SUBSTANCE) for the fourth time will have his athletic scholarship revoked and be dismissed from further participation in athletics at the University of Tennessee.

NAME has been thoroughly informed of this situation and understands the consequences. We are disappointed to have to take this action and wish NAME success in his future endeavors. If you have any questions, or would like to discuss this matter, please call me at 865-974-1224 (office) or Chris Klenck, M.D., Head Team Physician, at 865-974-1147.

Sincerely,

Mike Hamilton
