Subject: Re: Open Records Request
To: "Lopez, Annela M" <alopez@austin.utexas.edu>

Dear Ms. Lopez and Ms. Iwanski:

Thank you for your most-recent e-mail and letter and the information it provided.

With regard to my question of why drug testing expenditures increased, perhaps there has been a misunderstanding. If so, I apologize.

My inquiry was not meant to be interpreted as a formal records request. I simply wanted to clarify why there was a change in expenditures.

Is there someone else within the university who can please answer the expenditure question? Can you please suggest such a person or ask him or her to contact me?

Thanks again.

Nate Carlisle
