Dear Mr. Carlisle,

You are correct, the total is 3 since 2004. One positive NCAA test in 2004 and two positive USU institutional tests in January of 2007.

Prior to the implementation of our institutional policy, starting January of 2007, the only on campus testing was that conducted by the NCAA.

Prior to 2007 our only policy was to comply with the NCAA Year Round Testing Program. Because of this there was no institutional testing policy or budget.

You should have been forwarded our current policy. If you have not please notify me and I will forward it to you. The NCAA Year Round Drug Testing Policy is available on the NCAA web site.

Sincerely,

Dale Mildenberger, ATC-L

Senior Associate Athletics Director

Dear Mr. Mildenberger:

Thank you for your e-mailed letter of July 10, 2007, and the information accompanying it. I have some additional questions.

You said there was one positive NCAA test in 2004 and two positive tests in January 2007. Just to be clear, can you please confirm that adds to three positive tests?

You said the NCAA has visited Utah State on five occasions since January 2004. Are those the only occasions, from January 2004 to the end of 2006, there were on-campus drug tests of Utah State athletes?

Do you have drug testing budget or expenditure data for fiscal or calendar years 2004 through 2006?

Can you please provide me with a copy of the drug testing policy or policies in effect prior to January 2007?

Thanks again.

Sincerely,

Nate Carlisle
