Dear Mr. Fontaine:

I am writing in response to your letter of Jan. 29, 2007, received this week in our office, requesting information related to drug testing of University of Virginia athletes.

First, as you are not a citizen of Virginia, you are not eligible to receive public documents under Section 2.2-3704 of the *Code of Virginia*. However, were you eligible, the information would not be available, as the information you requested is comprised of student education records protected by the Family Educational Rights and Privacy Act (FERPA).

Sincerely,

Carolyn S. Wood
Assistant Vice President for Public Affairs
