Dear Nate:

Mr. Jenks asked me to coordinate a response to your question regarding the Washington State prohibition on random drug testing.

I have consulted with the WSU Attorney General's office and learned that the prohibition is based upon the State of Washington's constitution and case law.

The constitution cite is as follows:

Article I, Section 7 of the Washington Constitution. "[n]o person shall be disturbed in his private affairs, or his home invaded, without authority of law."

I hope that this information is helpful to you.

Best regards,

Linda
